THE COMMISSIONERS FOR THE PORT OF CALCUTTA.

The following revised scale of charges on wheat, seeds, gram, dhal, peas and lentils shipped at the Docks having been approved by the Local Government, is now published for general information in accordance with section 107 of Act III of 1890, and will come into force on and from the date of this notice.

By order of the Commissioners,

R. A. DONNITHORNE,

Secretary.

PORT COMMISSIONERS' OFFICE,

Calcutta, the 1st July 1902.

REVISED RATES FOR THE SHIPMENT, STORAGE, &c., OF WHEAT, SEEDS, GRAM, DHAL, PEAS AND LENTILS AT THE DOCKS.

Shipment Sheds.

A charge of 6 annas per ton will be made on wheat, seeds, gram, dhal, peas and lentils shipped from the quays. Such charge will include receiving the goods from railway wagons, flats, boats or carts and stacking them in the sheds prior to shipment. It will also include the Port Trust Railway freight on consignments delivered into the Commissioners' wagons at any of the town stations on the Port Trust Railway for shipment at the Docks.

2. The same rate of 6 annas per ton will be charged on consignments put into boats or flats for shipment in the stream.

3. A removal charge of 4 annas per ton will be made for removal of consignments from one shed to another, or from the Docks for shipment at the Jetties.

4. A charge of 2 annas per ton will be made when goods originally declared for one vessel are redeclared for another or have been shut out from a vessel.

5. Rent will be charged at the rate of 2 annas per ton per week or part of a week—

(a) On goods received in a shipment shed before it is open for the receipt of exports for the vessel by which the goods are to be shipped. Such rent shall cease to accrue as soon as the shed is declared to be open for the receipt of exports by such vessel.

(b) On goods shut out if a fresh dock challan is not submitted by the fourth day following that on which the vessel completed loading.

NOTE.—When cargo shut out by one steamer is shipped in another steamer of the same line and through the same shed within seven days from midnight of the date on which the vessel shutting out the cargo completed loading, the charge under clause 4 is waived, provided the shipping papers are submitted by the fourth day following that on which the vessel completed loading; failing which, paragraphs 4 and 5 apply.

Kantapur Sheds.

6. On consignments unloaded in the Kantapur Sheds the following extra charges will be made:—

(a) Rent at the rate of 2 annas per ton per week or part of a week.

(b) Removal charge at 4 annas per ton for removal of consignment from one shed to another, or to the shipment sheds.

7. Shed accommodation at Kantapur will also be rented out at the rate of Rs. 25 for per 1,000 square feet per mensem on the condition that the Commissioners after delivering consignments into the shed shall have no further responsibility in regard to them until such time as they are redelivered to the Commissioners into wagons. The Commissioners will unload into the shed and reload into wagons.

SPECIAL NOTICE.

1. Consignors are specially advised that full wagon loads can be booked direct from up-country (a) to a shipper or (b) to a shipment shed provided the vessel's name be previously declared. Full particulars in all such cases must be given in the railway receipts, invoices and wagon labels.

2. If a shipment shed be not specified, the goods will be unloaded in the general receiving sheds at Kantapur. Consignments rejected by shippers may on the order of the owner be reloaded and conveyed by rail to Hatkhollah or Pathuriaghatta at 6 annas per ton, the loading at the Dock being done by the Port Commissioners and the unloading at Hatkhollah or Pathuriaghatta by the consignees.

3. Consignors are further advised that consignees who are not also shippers will be allowed the same free time for taking delivery as at Howrah, and that demurrage will be charged as follows, counting from midnight of the day on which the goods become available for delivery:—

For the first 48 hours no charge, and for each subsequent 24 hours or part thereof; 1 pie per maund or part of a maund.

4. Shippers will be charged rent at the rate of 2 annas per ton per week or part of a week, but any unexpired free time allowed to consignees, whose goods have been taken over by them for shipment, will be added to the first week for which the charge of 2 annas is levied.

12. The Trustees shall, from time to time, upon the written requisition of the Managers, pay to them such sum or sums as may be required for the purposes of these Rules and Regulations, and shall, if necessary, raise the money required for the same by sale of the Securities held by the Trustees, or of a sufficient part thereof, or by loan on the security of the same.

13. On the 31st day of December in each year the Managers shall, after deducting the expenses of management, credit each subscriber with the equivalent of his compulsory subscription for the preceding year, as provided for under Rule 9, and thereafter having ascertained the amount available for division among the members arising from the interest accrued on Securities, any sums forfeited to the Fund under these Rules and Regulations, and all other moneys (if any) that should properly be brought into account, the Managers shall provisionally credit each subscriber, in proportion to the amount standing to his credit on each 31st December in respect of his total subscriptions, both voluntary and compulsory, with his share of the amount so ascertained.

14. On or as soon as may be after the 31st day of December of each year the Managers shall ascertain and fix the market value of the total net Investments and Securities held by or belonging to the Fund, including interest up to the same day on any Securities on which interest is usually calculated on sale or transfer thereof, and after deducting the payments made therefrom, and providing for debts and ascertained liabilities, paid or incurred, respectively, in conformity with these Rules and Regulations, the Managers shall forthwith debit or credit, as the case may be, the account of each subscriber in the books of the Fund with a share of the difference between the value as appearing from the last preceding valuation recorded in the said books and the then market value as so fixed and ascertained as aforesaid of the said Investments and Securities, including interest as aforesaid, in proportion to the amount at credit of each subscriber on the said 31st December.

15. A statement of account of each subscriber shall be made up to the 31st December of each year, and each subscriber shall be required to certify in writing within a month upon such account that the amount therein shown, as standing to his credit, is correct, or in default shall be precluded from challenging its correctness.

17. On the death of any subscriber the Managers shall pay to his representatives, executors, or administrators the amount standing to his credit in the books of the Fund on the last day of the month preceding such death, and shall also pay to his representatives, executors, or administrators, the amount in full of his paid-up subscriptions for the then current year.

18. On the voluntary resignation or retirement of any subscriber from the service of the Corporation without the existence of any cause justifying his dismissal, the Managers shall pay to him the aggregate amount subscribed by him to the Fund and the amount (if any) standing to his credit for interest. Provided that the Managers at the request or by the direction of the General Committee may pay to such subscriber the whole or such portion of the balance as they may in their discretion think fit.

19. In case of any subscriber becoming permanently incapacitated owing to injury sustained while in the service of the Corporation, or in case of the resignation or retirement, with the previous written sanction adequate by the General Committee and so certified in writing by them, the Managers shall (subject to the provisions of these Rules) pay to such incapacitated, resigning or retiring

subscriber, the amount standing to his credit in the books of the Fund on the 31st day of December preceding such incapacity, resignation, or retirement, and also (subject as aforesaid) the full amount of his paid-up subscriptions for the then current year.

Provided also that the Managers may, at any time, with the consent of the General Committee, pay to any such subscriber the amount to which he would have been entitled under Rule 1* if he had voluntarily retired from the service of the Corporation and had not been dismissed.

21. The Corporation shall have a first and paramount charge upon the amount, from time to time, standing to the credit of each subscriber, and upon all other moneys of the Fund in or to which he may be interested or entitled for, and in respect of all losses, damages, costs, and expenses which the Corporation may at any time pay, sustain or be put to, by reason of any act of embezzlement, or default of or by such subscriber, and the amount from time to time standing to the credit of each subscriber, and all such other moneys as aforesaid shall be deemed and treated as a deposit made by him with the Corporation as security for his fidelity, and be dealt with accordingly, and in the event of any claim arising by the Corporation against any subscriber under this Rule, the same shall be paid, so far as the funds in which such subscriber shall be interested shall extend, by the Fund to the Corporation on the written requisition of the General Committee, and such subscriber shall absolutely forfeit all right and interest thereto and therein.

General conditions.

1. Tenders should be superscribed "Tender for paper," and should be accompanied by a deposit of one

per cent. on the value of the tender. This deposit should be paid into the Bank of Madras, and its receipt attached to the tender. In cases where tenderers may deposit Government Promissory notes, they should endorse the same payable to the Collector and Superintendent of Stationery, Madras."

2. Tenderers should send six sheets of each description of paper tendered as a sample, marking clearly thereon the manufacturer's name and the description, size and weight. They should be flat, not folded.

3. The papers should be delivered at the Stationery Office, Beach, Madras, at the cost and risk of the contractor.

4. The successful tenderer or tenderers will be required to pay a security of 10 per cent. on the value of the paper for which the tender is accepted, and to sign a contract bond (a form of which will be furnished by this office for inspection) within 20 days from the date of his being informed by this office of the acceptance of his tender; and in case of failure, his deposit delivered with the tender will be forfeited and credited to Government and his tender considered as cancelled.

5. The necessary stamp duty on the contract bond must be paid by the contractors.

6. The quantities specified in the above schedule are only probable requirements: actual demands will be mentioned in the orders given from time to time, agreeably to which contractors will be required to supply the articles.

7. Blotting paper should be packed and supplied in tin-lined dealwood cases. Other papers should be well packed in strong canvas with bale planks and iron hoops. These should be unfolded, and each quire in a ream packet should be distinctly marked or separated by a slip of coloured paper, each ream being tied with string. Each ream should also have a label pasted on the outer wrapper showing the description of the paper. All bales of each description and size of paper should contain a uniform number of reams, and no bale should exceed 500 lbs. in weight. Each ream of Printing, Cartridge and Badami papers should contain 500 sheets. Each bale should be superscribed with the description and size of paper and the number of reams it contains.

8. All consignments of paper will be examined after arrival at Madras, and will be liable to rejection if inferior in any respect to the accepted sample. The decision of the Superintendent of Stationery in this matter is final: recourse to arbitration cannot be permitted.

9. All papers must be free from any mixture of mechanical wood pulp.

10. In cases of necessity the contractors must undertake to store the consignments in their own godowns for a period not exceeding three months at their risk and free of charge.

11. In the event of a consignment being rejected, the contractors will be required to remove it at once and replace it within a month from the date of intimation of rejection.

12. Considerations of the quality of the paper tendered and of its price will alone guide the Superintendent in his decisions, but he reserves to himself the right, without assigning any reason, of rejecting any tender in whole or in part, and in respect of articles, rates, quantities or other particulars, etc.

13. Forms of tender and any further information can be obtained on application to the Superintendent of Stationery, Madras.

J. TWICE,

Ag. Superintendent of Stationery.

General conditions.

1. Tenders should be superscribed "Tender for paper," and should be accompanied by a deposit of one

per cent. on the value of the tender. This deposit should be paid into the Bank of Madras, and its receipt attached to the tender. In cases where tenderers may deposit Government Promissory notes, they should endorse the same payable to the "Collector and Superintendent of Stationery, Madras."

2. Tenderers should send six sheets of each description of paper tendered as a sample, marking clearly thereon the manufacturer's name and the description, size and weight. They should be flat, not folded.

3. The papers should be delivered at the Stationery Office, Beach, Madras, at the cost and risk of the contractor.

4. The successful tenderer or tenderers will be required to pay a security of 10 per cent. on the value of the paper for which the tender is accepted, and to sign a contract bond (a form of which will be furnished by this office for inspection) within 20 days from the date of his being informed by this office of the acceptance of his tender; and in case of failure, his deposit delivered with the tender will be forfeited and credited to Government and his tender considered as cancelled.

5. The necessary stamp duty on the contract bond must be paid by the contractors.

6. The quantities specified in the above schedule are only probable requirements: actual demands will be mentioned in the orders given from time to time, agreeably to which contractors will be required to supply the articles.

7. Blotting paper should be packed and supplied in tin-lined dealwood cases. Other papers should be well packed in strong canvas with bale planks and iron hoops. These should be unfolded, and each quire in a ream packet should be distinctly marked or separated by a slip of coloured paper, each ream being tied with string. Each ream should also have a label pasted on the outer wrapper showing the description of the paper. All bales of each description and size of paper should contain a uniform number of reams, and no bale should exceed 500 lbs. in weight. Each ream of Printing, Cartridge and Badami papers should contain 500 sheets. Each bale should be superscribed with the description and size of paper and the number of reams it contains.

8. All consignments of paper will be examined after arrival at Madras, and will be liable to rejection if inferior in any respect to the accepted sample. The decision of the Superintendent of Stationery in this matter is final: recourse to arbitration cannot be permitted.

9. All papers must be free from any mixture of mechanical wood pulp.

10. In cases of necessity the contractors must undertake to store the consignments in their own godowns for a period not exceeding three months at their risk and free of charge.

11. In the event of a consignment being rejected, the contractors will be required to remove it at once and replace it within a month from the date of intimation of rejection.

12. Considerations of the quality of the paper tendered and of its price will alone guide the Superintendent in his decisions, but he reserves to himself the right, without assigning any reason, of rejecting any tender in whole or in part, and in respect of articles, rates, quantities or other particulars, etc.

13. Forms of tender and any further information can be obtained on application to the Superintendent of Stationery, Madras.

1. Tenders should be superscribed "Tender for paper," and should be accompanied by a deposit of one per cent. on the value of the tender. This deposit should be paid into the Bank of Madras, and its receipt

attached to the tender. In cases where tenderers may deposit Government Promissory notes, they should endorse the same payable to the "Collector and Superintendent of Stationery, Madras."

2. Tenderers should send six sheets of each description of paper tendered as a sample, marking clearly thereon the manufacturer's name and the description, size and weight. They should be flat, not folded.

3. The papers should be delivered at the Stationery Office, Beach, Madras, at the cost and risk of the contractor.

4. The successful tenderer or tenderers will be required to pay a security of 10 per cent. on the value of the paper for which the tender is accepted, and to sign a contract bond (a form of which will be furnished by this office for inspection) within 20 days from the date of his being informed by this office of the acceptance of his tender; and in case of failure, his deposit delivered with the tender will be forfeited and credited to Government and his tender considered as cancelled.

5. The necessary stamp duty on the contract bond must be paid by the contractors.

6. The quantities specified in the above schedule are only probable requirements: actual demands will be mentioned in the orders given from time to time, agreeably to which contractors will be required to supply the articles.

7. Blotting paper should be packed and supplied in tin-lined dealwood cases. Other papers should be well packed in strong canvas with bale planks and iron hoops. These should be unfolded, and each quire in a ream packet should be distinctly marked or separated by a slip of coloured paper, each ream being tied with string. Each ream should also have a label pasted on the outer wrapper showing the description of the paper. All bales of each description and size of paper should contain a uniform number of reams, and no bale should exceed 50 lbs. in weight. Each ream of Printing, Cartridge and Badami papers should contain 500 sheets. Each bale should be superscribed with the description and size of paper and the number of reams it contains.

8. All consignments of paper will be examined after arrival at Madras, and will be liable to rejection if inferior in any respect to the accepted sample. The decision of the Superintendent of Stationery in this matter is final: recourse to arbitration cannot be permitted.

9. All papers must be free from any mixture of mechanical wood pulp.

10. In cases of necessity the contractors must undertake to store the consignments in their own godowns for a period not exceeding three months at their risk and free of charge.

12. Considerations of the quality of the paper tendered and of its price will alone guide the Superintendent in his decisions, but he reserves to himself the right, without assigning any reason, of rejecting any tender in whole or in part, and in respect of articles, rates, quantities or other particulars, etc.

13. Forms of tender and any further information can be obtained on application to the Superintendent of Stationery, Madras.

(2) If, when any order made under section 15 in respect of any scheme has been duly published, any sum payable by any landholder in respect of such scheme still remains to be paid, then the sum to which such landholder is entitled under such order shall be credited to him.

THE following Report of the Select Committee appointed to consider the Bill to amend the Bengal Drainage Act, 1880, together with the Bill as amended by them, is, by order of the President, published for general information:—

REPORT OF THE SELECT COMMITTEE ON THE BILL TO AMEND THE BENGAL DRAINAGE ACT, 1880.

WE, the undersigned, Members of the Select Committee appointed to

Letters Nos. 84T. to 86T. and No. 117D., dated the 10th April, 1902, from the Secretary to the Bengal Council and Assistant Secretary to the Government of Bengal, Legislative Department, to the Secretary to the Board of Revenue, L. P., to the Superintendent and Remembrancer of Legal Affairs; to the President of the British Indian Association, and the Secretary to the Uttarpara People's Association. [Paper No. 2.]

Letter from the Secretary to the British Indian Association, No. 186, dated the 31st May, 1902. [Paper No. 3.]

Letter from the Officiating Secretary to the Board of Revenue, No. 519A., dated the 6th June, 1902. [Paper No. 4.]

Letter from the Superintendent and Remembrancer of Legal Affairs, No. 485, dated the 7th June, 1902. [Paper No. 5.]

Petition from Babu Jyot Kumar Mukerjee, Zamindar of Uttarpara, dated the 3rd July, 1902. [Paper No. 6.]

consider the Bill to amend the Bengal Drainage Act, 1880, have considered the Bill and the papers noted in the margin, and have the honour to submit this our Report, with the Bill as amended by us annexed hereto.

2. The amendments which we have made in the Bill are, as far as possible, printed in italics, and all which are of any importance are explained in the following paragraphs.

3. *Clause 2.*—This clause is new. It inserts in the Act a definition of the expression "Certificate Officer," which is used in the new section 51C.

4. *Clause 3 [section 36A].*—We have, in accordance with a suggestion made by the Superintendent and Remembrancer of Legal Affairs, in Paper No. 5, added the words "or for any other substantial reason" in section 36A (1).

In consequence of this addition, we have altered the opening words of the section so as to make it clear that an order made under section 35 may be revised only so far as it declares what persons are liable to pay drainage dues.

In sub-clause (b) we have struck out the words "by transfer or succession," so as to admit of an order being revised whenever a change of ownership has taken place under any circumstances.

We have added words to enable the Collector, when revising an order, to impose conditions as to the discharge of past liabilities.

We have added a proviso to the effect that every person who is materially affected by any addition or alteration made by the Collector must have an opportunity of being heard before the order of revision is made. This addition meets suggestions made by the Commissioner of Bhagalpur, the Board of Revenue and the Legal Remembrancer.

5. *Clause 4 (section 41A).*—We have provided specifically in sub-clause (i) that, when a co-sharer elects to proceed by suit, contributions towards a payment made by him may be recovered in the manner in which arrears of rent are recoverable under the Bengal Tenancy Act, 1885.

6. *Clause 6 (section 45A).*—In sub-section (1) we have provided that an application for the recovery of drainage dues under the certificate procedure may be made by a landlord if he has not enhanced the rent of his tenants. This takes the place of the provision made in the Bill as introduced in Council that such an application might be made if the landlord had not recovered his dues by an enhancement of rents.

7. *Clause 8 (sections 51B and 51C).*—Sections 51B and 51C embody in a more convenient form the provisions of section 41B, sub-sections (3) to (6) of section 45A, and sub-sections (2) to (5) of section 51A of the Bill as introduced.

The following amendments have been made in section 51B:—

- (1) The period within which applications to the Collector for the benefit of the certificate procedure must be made has been extended from sixty days to three months; this period to begin to run, in the case of a payment by a co-sharer, from the date of the payment, and, in the case of sums recoverable from tenants, from the dates on which such sums respectively become due.
- (2) The clause requiring an applicant to declare that he has not enhanced rent has been made applicable to tenures held free of rent or revenue, because, although a tenure may be held by a tenant free of rent, he may have sublet it to an under tenant at a rent.
- (3) In clause (e), for the words "since the carrying out" of the said scheme or works we have substituted the words "on account of" the said scheme or works.

In section 51C (1) it has been expressly provided, as in section 7 (1) of the Public Demands Recovery Act, 1895, that no certificate shall be made for the recovery of drainage dues under that Act in respect of any claim which has been barred by limitation.

It has been made clear in sections 51B and 51C that, while certificates authorising the recovery of drainage dues under the certificate procedure are to be issued by the Collector, all subsequent proceedings are to be taken by the "Certificate Officer," which expression includes Sub-divisional Officers and specially-appointed officers.

As some apprehension has been felt that the Collector may not have time to deal with large numbers of applications for the benefit of the certificate procedure, we may mention that section 56 of the Bengal Drainage Act, 1880, will admit of his delegating this function, with the sanction of the Commissioner, to subordinates, to be exercised subject to his own control and supervision.

We have struck out the word "equitably" from proviso (ii) to section 51C, in deference to objections raised by the British Indian Association. The word appears to be open to misconstruction, and there seems to be no good reason for retaining it.

8. *Clause 8 (sections 51D to 51H)*—Sections 51D to 51G are new. Section 51D authorises the Collector to suspend the recovery of drainage dues, both from landholders and from tenants, in respect of any year during which there has been a total or serious failure of crops. Sections 51E and 51F contain provisions for the enforcement of orders of suspension, and section 51G extends the prescribed period for payment of instalments of drainage dues, when an order of suspension has been made, while section 51H similarly extends the period of limitation for the recovery of such dues.

9. *Clause 9*.—Two verbal amendments have been made in this clause, with the object of making it more clear that the clause applies to drainage dues which, at the commencement of the new law, have already accrued and are not barred by limitation.

The period within which applications to the Collector for the benefit of the clause must be made has, as in section 51B, been extended from sixty days to three months.

10. With reference to the remarks made by the Hon'ble BAHU JOY GOBIND LAW in Council on the 9th April last, we have discussed the question of the charges made under the Act for interest, but we refrain from suggesting any amendments in the Bill in this connection because we understand that the matter is under the consideration of the Government.

11. We recommend that the Bill, as now amended, be passed.

Power to add to, or alter, declaration as to names of persons liable to pay.

(a) by reason of the omission of the name of any co-sharer of such land, or

(b) by reason of any change having taken place in the ownership or joint ownership of such land, or

(c) for any other substantial reason,

the Collector may, on the application of any holder of the land, or of his own motion, and after such inquiry and upon such conditions (if any) as he may think proper, add to or alter such order:

Provided that every person whose name is so added or who is materially affected by any such alteration has had an opportunity of being heard by the Collector.

(2) Any person who is dissatisfied with any addition or alteration made under sub-section (1) may, within one month after the same was made, appeal to the Commissioner of the Division.

(3) The Commissioner shall cause notice of the day fixed for the hearing of such appeal to be published in the manner prescribed by section 35; and shall, on the day so fixed, hear such appeal and all objections thereto advanced by persons interested, and may confirm or revise the addition or alteration, or may remit the case to the Collector for further consideration and revision. When an order has been duly made and published under section 51D, suspending the recovery of any sums for any period, then, if such sums form part of a sum which is, in pursuance of this Act, payable by instalments, the period remaining for the payment of such instalments shall be extended by the period specified in such order, and no more than one instalment of the sum remaining due shall be payable in any succeeding year.

Extension of period for payment of instalments, when order of suspension made.

(Clause V.)

"51H. When an order has been duly made and published under section 51D, suspending the recovery of any sums for any period, such period shall be excluded in computing the period of limitation prescribed for a suit or application for the recovery of such sums." [Cf. U. P. Act II of 1901, s. 51 (d)]

Application of new sections to certain subsisting claims.

9. The provisions of sections 41A, 45A, 51A, 51B [except clauses (a) and (c)] and 51C of the Bengal Drainage Act, 1880, as amended by this Act, as to the recovery of moneys upon application to the Collector, shall apply also to all claims which have already accrued in respect of the drainage schemes of Howrah and Rajapur and which, at the commencement of this Act, are unsatisfied and have not been barred by limitation: Ben. VI of 1880.

Provided that every application under any of the said sections in respect of any such claim be made within three months from the commencement of this Act.

PART IV.

Bill of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

THE following Bill was introduced in the Council of the Lieutenant-Governor of Bengal on the 11th August, 1902, and is hereby published for information, together with the Statement of Objects and Reasons:—

A

BILL

To validate certain transfers, made under the Bengal Tenancy Act, VIII of 1885, of shares in permanent tenures and shares in holdings at fixed rents or fixed rates; and to amend sections 18 and 19 of that Act.

WHEREAS section 12 of the Bengal Tenancy Act, 1885, prohibits registering-officers from registering any instrument purporting or operating to transfer a permanent tenure unless the prescribed landlord's fee is paid to them, for transmission to the landlord;

And whereas section 13 of the said Act directs the Civil Courts, before confirming the sale of a permanent tenure in execution of a decree other than a decree for arrears of rent, and before making a decree or order absolute for the foreclosure of a mortgage of a permanent tenure, to require the purchaser or mortgagee to pay the prescribed landlord's fee, for transmission to the landlord;

And whereas section 17 of the said Act declares that the said sections 12 and 13, among other sections, shall apply also to the transfer of a share in a permanent tenure;

And whereas section 18 of the said Act declares that a raiyat holding at a rent or rate of rent fixed in perpetuity shall be subject to the same provisions with respect to the transfer of his holding as the holder of a permanent tenure;

And whereas, in consequence of instructions erroneously issued by the Inspector General of Registration in the year 1888, numerous transfers of shares in such tenures and holdings have been registered, and numerous sales of, and foreclosures of, mortgages of, shares in such tenures and holdings have been effected, under the said sections, without payment of the said fee;

And whereas it is expedient to declare that the said transfers, sales and foreclosures shall not be deemed to be invalid merely on the ground that the said fee was not paid at or before the date of the transaction;

And whereas doubts have been expressed as to whether clause (a) of section 18 of the said Act applies to transfers of, and successions to, shares in the holding of a raiyat holding at a rent or rate of rent fixed in perpetuity, and it is expedient to remove such doubts;

And whereas it is also expedient to amend section 106 of the said Act in manner hereinafter appearing;

And whereas, the said Act having been passed by the Governor General of India in Council, the sanction of the Governor General has been obtained, under section 5 of the Indian Councils Act, 1892, to the passing of this Act;

It is hereby enacted as follows :—

Validation of certain transfers of shares in tenures and holdings at fixed rates. 1. No transfer heretofore made under section 12, section 13, section 17 or section 18 of the Bengal Tenancy Act, 1885, of— VIII of 1885.
(a) a share in a permanent tenure, or
(b) a share in the holding of a raiyat who, at the time of the transfer, held such share at a rent or rate of rent fixed in perpetuity,

shall be deemed invalid merely on the ground that the landlord's fee prescribed by the said section 12 or the said section 13 was not paid at or before the time when the transfer was effected; provided that the said fee has at some subsequent time, either before or after the commencement of this Act, been—

(i) paid to the landlord, or

(ii) deposited, together with the process-fee referred to in the said section 12 or the said section 13, as the case may be, in the Collector's office, for payment to the landlord.

Saving of section 88. 2. Nothing in section 1 shall be deemed to affect the provisions of section 88 of the said Bengal Tenancy Act, 1885.

Amendment of section 18. 3. In clause (a) of section 18 of the said Bengal Tenancy Act, 1885, after the word "holding" the words "or a share in his holding" shall be inserted.

Amendment of section 106. 4. (1) In section 106 of the said Act, for the words and figures "a dispute arises at any time within two months from the date of the certificate of the final publication of the record-of-rights under section 103A, sub-section (2), regarding any entry which the Revenue-officer has made in, or any omission made from, the record," the following words and figures shall be substituted, namely :—

"a dispute arises regarding any entry which the Revenue-officer has made in, or any omission made from, a record-of-rights finally published under section 103A, sub-section (2)."

(2) In the same section, after the words "a suit may" the words "within two months from the date of the certificate of the final publication of the record" shall be inserted.

Short title. 5. This Act may be called the Bengal Tenancy (Validation and Amendment) Act, 1902.

STATEMENT OF OBJECTS AND REASONS.

The first object of this Bill is to validate transfers of shares in tenures and holdings at fixed rents or fixed rates, made in past years by registered documents and by sales in execution of decrees of Courts, without the payment in either case of the landlord's fees prescribed by section 12 of the Bengal Tenancy Act VIII of 1885.

Section 12 of the Bengal Tenancy Act prohibits Registering Officers from registering any instrument purporting or operating to transfer a permanent tenure, unless the prescribed landlord's fee is paid to them for transmission to the landlord. Section 17 of the Act declares that the said section 12, among other sections, shall apply also to the transfer of a share in a permanent tenure. In the year 1888, in consequence of the provisions of section 17 having been overlooked, Registering Officers were instructed not to receive the prescribed fee in the case of instruments transferring a share in a permanent tenure. These erroneous instructions extended also to the case of instruments transferring a share in the holding of a raiyat enjoyed at a rent or rate of rent fixed in perpetuity. The instructions were not withdrawn till the 19th of September, 1899. Meanwhile numerous transfers of shares in such tenures and holdings were registered without payment of the prescribed landlord's fee.

Section 13 of the Act directs the Civil Courts, before confirming the sale of a permanent tenure in execution of a decree, other than a decree for arrears of rent, and before making a decree of order absolute for the foreclosure of a mortgage of a permanent tenure, to require the purchaser or mortgagee to pay the prescribed landlord's fee for transmission to the landlord. The fact that section 17 makes section 13, among other sections, applicable to shares in a permanent tenure, has frequently been overlooked, and it is believed that numerous sales and foreclosures of shares in permanent tenures and shares in holdings at fixed rates have been effected under the Act without payment of the fee in question.

2. To obviate the oversights both of the executive authorities and of the Civil Courts above explained, it is considered expedient to legislate on the subject, by declaring that the transfers, sales and foreclosures mentioned above shall not be deemed to be invalid merely on the ground that the landlord's fee was not paid at or before the date of the transaction.

3. Section 18 of the Tenancy Act deals with the transfer of, and the succession to, raiyats' holdings held at a rent, or rate of rent, fixed in perpetuity. There is no provision in this section, or in succeeding sections, expressly placing the transfer of or succession to a share of such a holding on the same footing as the transfer of a share in a tenure is placed by section 17. As it is expedient to remove all doubts as to whether the transferee of a share in a holding at a rent or rate of rent fixed in perpetuity is in the same position as a transferee of a share in a permanent tenure, the present opportunity is taken to amend section 18 by inserting the words "or a share in his holding" after the word "holding."

4. The second object of the Bill is to indicate clearly the period of limitation for the institution of suits under section 106 of the Bengal Tenancy Act.

The Settlement Officer of Dacca rejected certain applications under section 106, as they were filed after the expiry of two months from the date of the certificate of final publication. On this, appeals were preferred to the Special Judge, who decided that the section did not limit the time within which the suit might be instituted, but that it limited the applicability of the section to cases in which disputes have, as a matter of fact, arisen within a certain time. To remove the inconvenience that may arise by the indefinite prolongation of proceedings by Settlement Officers if a period within which suits may be brought under section 106 is not fixed, it is considered desirable to amend that section, so as to indicate clearly that it is meant to limit the period within which a suit may be instituted, and not the period within which the disputes may arise.

Petition from Babu Jyot Kumar Mukerjee, Zamindar of Uttarpara, dated the 3rd July, 1902. [Paper No. 6.]

consider the Bill to amend the Bengal Drainage Act, 1880, have considered the Bill and the papers noted in the margin, and have the honour to submit this our revised Report, with the Bill as further amended by us annexed hereto.

2. The amendments which we have made in the Bill are, as far as possible, printed in italics, and all which are of any importance are explained in the following paragraphs.

3. *Clause 2.*—This clause is new. It inserts in the Act a definition of the expression "Certificate Officer," which is used in the new section 51C.

4. *Clauses 3, 4, 5, 7 and 13.*—These clauses are also new. They give effect to a recent decision of the Government to reduce the interest on advances for drainage works from five *per cent.* compound to four *per cent.* simple interest; and, as the Bill now stands, the interest chargeable by landholders to tenants, and by superior tenants to sub-tenants, on payments made by landholders and superior tenants, respectively, will be subject to a similar reduction.

5. *Clause 6 (section 36A).*—We have, in accordance with a suggestion made by the Superintendent and Remembrancer of Legal Affairs, in Paper No. 5, added the words "or for any other substantial reason" in section 36A (1).

In consequence of this addition, we have altered the opening words of the section so as to make it clear that an order passed under section 36 may be revised only so far as it declares what persons are liable to pay drainage dues.

In sub-clause (b) we have struck out the words "by transfer or succession," so as to admit of an order being revised whenever a change of ownership has taken place under any circumstances.

We have added words to enable the Collector, when revising an order, to impose conditions, in reference, for example, to the discharge of past liabilities.

We have added a proviso to the effect that every person who is materially affected by any addition or alteration made by the Collector must have an opportunity of being heard before the order of revision is made. This addition meets suggestions made by the Commissioner of Bhagalpur, the Board of Revenue and the Legal Remembrancer.

6. *Clause 8 (section 41A).*—We have provided specifically in sub-clause (i) that, when a co-sharer elects to proceed by suit, contributions towards a payment made by him may be recovered in the manner in which arrears of rent are recoverable under the Bengal Tenancy Act, 1885. This clause is based on section 48 of the Cess Act, 1880.

7. *Clause 9 (sections 44A and 44B).*—In sub-section (1) of section 44A we have provided that an application for the recovery of drainage dues under the certificate procedure may be made by a landlord if he has not enhanced the rent of his tenants. This takes the place of the provision made in the Bill as introduced in Council that such an application might be made if the landlord had not recovered his dues by an enhancement of rents.

We have inserted a new sub-section to make it clear that when the name of any person has been removed, under the new section 36A, from the list of landholders liable to pay drainage charges, such removal will not prevent his recovering under the certificate procedure the dues to which he was entitled as a landholder.

We have also revised the concluding sub-section of section 44A, so as to declare tenants in possession to be liable for drainage charges.

Section 44B is new. Its object is to explain that drainage charges cannot be recovered from tenants in cases in which rent has, in consequence of the drainage works, been increased or for the first time imposed.

8. *Clause 11.*—We have added a sub-section in order to reduce from five to four per cent. the interest payable to a landholder when a refund is made to him under section 48 (3) of the Act. As the interest on advances is being reduced from five to four per cent., it is but right that the interest on refunds should be similarly reduced.

9. *Clause 12 (sections 51B and 51C).*—Sections 51B and 51C embody in a more convenient form the provisions of section 41B, sub-sections (3) to (6) of section 45A, and sub-sections (2) to (5) of section 51A of the Bill as introduced.

The following amendments have been made in section 51B:—

- (1) The period within which applications to the Collector for the benefit of the certificate procedure must be made has been extended from sixty days to six months; the period to begin to run, in the case of a payment by a co-sharer, from the date of the payment, and, in the case of sums recoverable from tenants, from the dates on which such sums respectively become due.
- (2) We have required that applications in respect of sums recoverable from tenants shall specify the date on which the landholder's payment was made and the date on which the sums became due from the tenants.
- (3) The clause requiring an applicant to declare that he has not enhanced rent has been made applicable to tenures held free of rent or revenue, because, although a tenure may be held by a tenant free of rent, he may have sublet it to an under tenant at a rent.
- (4) In clause (f), for the words "since the carrying out" of the said scheme or works we have substituted the words "on account of" the said scheme or works.

It has been made clear in sections 51B and 51C that, while certificates authorising the recovery of drainage dues under the certificate procedure are to be issued by the Collector, all subsequent proceedings are to be taken by the "Certificate Officer," which expression includes Sub-divisional Officers and specially-appointed officers.

As some apprehension has been felt that the Collector may not have time to deal with large numbers of applications for the benefit of the certificate procedure, we may mention that section 58 of the Bengal Drainage Act, 1880, will admit of his delegating this function, with the sanction of the Commissioner, to subordinates, to be exercised subject to his own control and supervision.

We have inserted in sub-section (3) of section 51C a declaration that the person against whom a certificate is made under this section shall be deemed to be the judgment-debtor for the purposes of the Public Demands Recovery Act.

We have struck out the word "equitably" from sub-section (4) of section 51C, in deference to objections raised by the British Indian Association. The word appears to be open to misconstruction, and there seems to be no good reason for retaining it.

10. *Clause 12 (sections 51D to 51J).*—Sections 51D to 51J are new. Section 51D authorises the Collector to suspend the recovery of drainage dues, both from landholders and from tenants, in respect of any year during which there has been a total or serious failure of crops. Sections 51E and 51F contain provisions for the enforcement of orders of suspension, and section 51G extends the prescribed period for payment of instalments of drainage dues, when an order of suspension has been made, while section 51H similarly extends the period of limitation for the recovery of such dues. Section 51J declares that no interest shall accrue during a period of suspension.

11. *Clause 14.*—Two verbal amendments have been made in this clause, with the object of making it more clear that the clause applies to drainage dues which, at the commencement of the new law, have already accrued and are not barred by limitation.

The period within which applications to the Collector for the benefit of the clause must be made has been extended from sixty days to three months.

12. *Clauses 15 to 19.*—These clauses are new. They give effect to the decision of the Government that the reduction of interest, mentioned in paragraph 4 of this Report, shall have retrospective effect in the case of the drainage schemes of Howrah and Rajapur. They also provide for other reductions being made, under the direction of the Local Government, in past charges in respect of those schemes.

Provision has been made, in clauses 17 to 19, for a proportionate reduction in the amounts recoverable from tenants, when the dues of a landholder have been reduced.

13. We recommend that the Bill, as now amended, be passed.

Refunding or crediting of reduction to landholder.

16. (1) If, prior to the publication of any order made under section 15 in respect of any scheme, the whole sum payable by any landholder in respect of such scheme has been duly paid, then such landholder shall, upon such publication, be entitled to a refund of the sum to which he is entitled under such order.

(2) If, when any order made under section 15 in respect of any scheme has been duly published, any sum payable by any landholder in respect of such scheme still remains to be paid, then the sum to which such landholder is entitled under such order shall be credited to him.

Proportionate reduction in amounts recoverable by landholder from tenants.

17. (1) When any sum has been refunded or credited to a landholder under section 16 of this Act, the amounts which were recoverable by him under section 42, clause (b), section 44, section 44A or section 51A of the said Bengal Drainage Act, 1880, from persons who have held or are now holding land immediately from him, shall be proportionately reduced.

(2) Any such persons who have paid such amounts shall have a right, at their option,—

(a) to a refund of the sums to which they are entitled under sub-section (1), or

(b) to take credit for such sums in any adjustment of accounts between themselves and the landholder.

Proportionate reduction in amounts recoverable by superior tenants from under-tenants.

18. (1) When any sum recoverable from a superior tenant is liable to reduction under section 17 of this Act, the amounts which were recoverable by him under section 43, clause (b), section 44, section 44A or section 51A of the said Bengal Drainage Act, 1880, from persons who have held or are now holding land directly from him, shall be proportionately reduced.

(2) Any such persons who have paid such amounts shall have a right, at their option,—

(a) to a refund of the sums to which they are entitled under sub-section (1), or

(b) to take credit for such sums in any adjustment of accounts between themselves and the superior tenant.

Power to make rules as to reductions.

19. (1) The Local Government may, after previous publication, make rules for carrying out and giving effect to the provisions of sections 15 to 18.

(2) In particular, and without prejudice to the generality of sub-section (1), the Local Government may—

(a) prescribe the particulars to be stated in orders made under section 15, and

(b) declare the conditions under which refunds and credits shall be made under sections 16, 17 and 18.

(3) All rules made under this section shall be published in the Calcutta Gazette and in such other manner, (if any) as the Local Government may direct.

2. The amendments which we have made in the Bill and which are of any importance have been explained in the following paragraphs.

3. The title of the Bill has been altered for the reasons set forth in paragraph 5 of this Report.

4. *Preamble.*—*Paragraphs 5 and 6.*—While preserving the substance of paragraph 5 of the original preamble, we have made verbal changes and *inter alia* omit mention of the Inspector-General of Registration, who was not responsible for the erroneous instructions issued in 1888.

Paragraph 7.—We have made amendments in the sixth paragraph of the original preamble which are partly clerical and are partly involved in our recommendation as to extension of the scope of the Bill which is explained in paragraph 5 of this Report.

We have omitted the seventh paragraph of the original preamble in the view that it is sufficiently clear that section 18 is governed by the provisions of section 17.

5. *Clause 1.*—We have accepted the view which has been represented in the reports received on the Bill to the effect that its scope should be extended so as to apply to cases of transfer of entire tenures and holdings at fixed rents which have been inadvertently made without payment of landlords' fees; and we have further extended the scope of the Bill so that it will apply also to cases of transfers which may hereafter be inadvertently made without payment of such fees.

For the proviso to this clause we have substituted two provisos containing fresh matter as follows:—

(a) The first proviso saves from the effect of the Bill cases of transfer which have come before and have been finally decided by the Courts.

(b) The second proviso gives the landlord, within a certain limited time, power to apply to the Collector for the realisation of his fee from the transferee, and requires the Collector on such application being made to realise the fee as if it were an arrear of revenue.

6. For the reason stated in paragraph 4 of this Report, we have struck out clause 3 of the Bill as introduced in Council which proposed to amend section 18 of the Bengal Tenancy Act, 1885.

7. In clause 4 of the Bill we have thought it best to re-cast section 106 of the Act in order to prevent doubt with regard to the expression "If * * * a dispute arises."

In accordance with the general opinion that the period of two months allowed for the filing of suits before the Revenue officer is too short, we have extended the period to three months.

8. We recommend that the Bill, as now amended, be passed.

[AS AMENDED BY THE SELECT COMMITTEE.]

A
BILL

To validate certain transfers, made under the Bengal Tenancy Act, VIII of 1885, of permanent tenures and holdings at fixed rents or fixed rates and of shares in the same; and to amend section 106 of that Act.

WHEREAS section 12 of the Bengal Tenancy Act, 1885, prohibits registering-officers from registering any instrument purporting or operating to transfer a permanent tenure unless the prescribed landlord's fee is paid to them, for transmission to the landlord;

And whereas section 13 of the said Act directs the Civil Courts, before confirming the sale of a permanent tenure in execution of a decree other than a decree for arrears of rent, and before making a decree or order absolute for the foreclosure of a mortgage of a permanent tenure, to require the purchaser or mortgagee to pay the prescribed landlord's fee, for transmission to the landlord;

And whereas section 17 of the said Act declares that the said sections 12 and 13, among other sections, shall apply also to the transfer of a share in a permanent tenure;

And whereas section 18 of the said Act declares that a raiyat holding at a rent or rate of rent fixed in perpetuity shall be subject to the same provisions with respect to the transfer of his holding as the holder of a permanent tenure;

And whereas, in consequence of the provisions of section 17 of the said Act having been overlooked, transfers of shares in such tenures and holdings have been registered without payment of the prescribed landlord's fee;

And whereas sales of such tenures and holdings and of shares in the same have been confirmed by Civil Courts under the said section 13 without payment of the said fee;

And whereas it is expedient to declare that registered transfers and sales and decrees or orders for foreclosure of mortgage, confirmed and made absolute by the Civil Courts, of permanent tenures and holdings at fixed rates and fixed rents, and of shares in such tenures and holdings, shall not be deemed to be invalid merely on the ground that the said fee has not been paid;

And whereas it is also expedient to amend section 106 of the said Act in manner hereinafter appearing;

And whereas, the said Act having been passed by the Governor General of India in Council, the sanction of the Governor General has been obtained, under section 5 of the Indian Councils Act, 1892, to the passing of this Act;

It is hereby enacted as follows:—

Validation of transfers of tenures and holdings and shares in the same.

1. No transfer which has heretofore been made or which may hereafter be made under section 12, section 13, section 17 or section 18 of the Bengal Tenancy Act, 1885, of a permanent tenure, or of a holding at a rent or rate of rent fixed in perpetuity or of a share in such tenure or holding, shall be deemed to be invalid merely on the ground that the landlord's fee prescribed by the said sections 12 or 13 has not been paid;

Provided always that nothing in this section shall be held to affect the decision of a Court of competent jurisdiction which has become final before the passing of this Act:

Provided also that in any case where the prescribed fee has been left unpaid, the landlord may, within two years of the passing of this Act,

or within two years of the date of registration of the document, by which the transfer was effected,

or within two years of the date of confirmation of the sale by the Civil Court,

or within two years of the date upon which a decree or order absolute for the foreclosure of a mortgage has been made by the Civil Court,

apply to the Collector for realization of such fee from the transferee, or from the auction-purchaser or from the person who has obtained an order absolute for foreclosure of mortgage in the Civil Court, and on such application being presented, the Collector shall realize such fee, together with costs of realization, from such person as if it were an arrear of revenue.

Saving of
section 88.

Substitution
of a new sec-

3. For section 106 of the said Act, the following shall be substituted, namely:—

Provided that the Revenue-officer may, subject to such rules as the Local Government may prescribe in this behalf, transfer any particular case or class of cases to a competent Civil Court for trial."

THE BENGAL DRAINAGE (AMENDMENT) BILL, 1902.

The Hon'ble Mr. MACPHERSON moved that the Bill to amend the Bengal Drainage Act, 1880, be referred again to the Select Committee. He said:—

"The notice paper states, Sir, that I am to present to the Council the Report of the Select Committee appointed in April last to consider the Bill to amend the Bengal Drainage Act of 1880. Hon'ble Members will remember that when this Bill was introduced in Council, the Hon'ble Babu Joy Gobind Law recommended that this opportunity should be taken to reduce the rate of interest which has been charged on drainage works under the Act of 1880 at 5 per cent., and to declare that the interest charged shall be simple instead of compound. You, Sir, favourably considered the Hon'ble Member's recommendation, and a letter was addressed under your order to the Government of India asking for permission to extend the scope of this Bill by introduction of clauses, firstly, reducing the rate of interest; secondly, declaring that interest under section 26 of the Act shall be simple, and not compound; thirdly, passing on to the tenants the proposed concession with regard to interest to be made to the landholders; and, fourthly, giving retrospective effect to this concession in the case of the Rajapore and Howrah Drainage schemes, for which drainage dues are still under collection. The Government of India have been pleased to sanction these proposals to reduce the rate of interest on drainage works to 4 per cent. Their letter, however, which is dated 29th July, was not received in time to be formally considered by the Select Committee, whose report on the Bill is dated 26th July, and the subject of interest is not mentioned in the Committee's report. At an informal meeting of some Members of the Select Committee which has been held since the receipt of the orders of the Government of India, it has been ascertained that to give a reduction of interest with retrospective effect in the case of the Rajapore and Howrah schemes, will involve a large number of amendments of the Act of 1880, in addition to those which are proposed in the Select Committee's report of the 26th July. You, Sir, have also been considering, with the Hon'ble Mr. Horn's assistance, whether some further relief cannot be given to the landholders and tenants responsible for the drainage costs in the Rajapore and Howrah areas by reduction of the charges made for establishments. Besides these points arising out of the reduction of the rate of interest and out of the possible reduction of other charges and the consequential relief which it is proposed to afford to all concerned, one or two other points have been recently suggested by Members of the Select Committee and by the Hon'ble Babu Chaturbhooj Sahay. In these circumstances, Sir, with your permission, and with the permission of the Council, I will move that this Bill be sent back to the Select Committee for further report and necessary amendment. I would express the hope that the further report of the Select Committee may be ready by the end of this week, and that both reports or a revised report may be considered at the next meeting of the Council."

The Motion was put and agreed to.

THE BENGAL TENANCY (VALIDATION AND AMENDMENT) BILL, 1902.

The Hon'ble Mr. MACPHERSON moved for leave to introduce a Bill to validate certain transfers, made under the Bengal Tenancy Act, 1885, of shares in permanent tenures and shares in holdings at fixed rents or fixed rates; and to amend sections 18 and 106 of that Act. He said:—

"I move, Sir, for the permission of this Council to introduce a Bill to amend and supplement certain sections of the Bengal Tenancy Act, VIII of 1885. The Bill has two objects, neither of which may appear to be of very general interest, and both of which are somewhat technical, but, in fact, both objects are of considerable practical importance to many agricultural landlords and tenants. The first object of the Bill is to validate transfers of shares in permanent tenures and holdings at fixed rents made inadvertently without payment of the landlords' fees which are required to be paid under section 12 of the Bengal Tenancy Act. The Council may remember that the section which I have cited requires payment to the landlord of a fee of 2 per cent. of the annual value of the tenure at the time of transfer by the tenant. That fee must be tendered by the tenant to

the registering officer at the time when he presents for registration the document effecting the transfer. The registering officer sends the fee on to the Collector, and the Collector sends the fee to the landlord concerned. So, when a Civil Court sells a permanent tenure in execution of a decree other than a decree for arrears of rent, the purchaser, under the provisions of section 13 of the Tenancy Act, must pay the landlord's fee, and that fee is sent by the Court to the Collector and by the Collector to the landlord. Section 17 of the Tenancy Act makes these provisions apply to the transfers of shares in permanent tenures, subject to the provisions of section 88, which require the landlord's consent to be given in writing. Section 18 applies to raiyats holding at fixed rents the provisions applicable in the case of permanent tenure-holders. Now, in consequence of erroneous instructions issued in the Registration Department in the year 1888, Registering officers, until the year 1899, refused to receive fees for landlords tendered to them by parties on presentation of instruments whereby shares of tenures were transferred. Similarly, and perhaps, because they were misled by the erroneous instructions issued in the Registration Department, the Civil Courts have frequently neglected to perform the duty imposed by section 13 of the Tenancy Act of requiring purchasers at sales in execution of decrees to pay into Court the landlord's fee. The erroneous instructions issued in the Registration Department in 1888 were withdrawn by a Notification of the Bengal Government issued in 1899. And in a Circular issued in 1900, the High Court gave instructions to the Courts with a view to preventing mistakes in the future. In the meantime, however, the High Court has ruled that transfers of tenures made under section 13 of the Tenancy Act in which the landlords' fees have not been paid are invalid, and the Subordinate Civil Courts, following this ruling, have held that transfers of shares of tenures made by registered instruments when landlords' fees have not been paid are also void. The serious consequences of these rulings, which invalidate many transfers of shares in tenures made, especially in the Eastern Bengal districts, were reported by the Commissioner of Dacca and were also brought to notice in an address presented last year to the Lieutenant-Governor by the Barisal People's Association. It is the first object of the Bill to set these matters right and to declare that transfers of shares of tenures and of holdings at fixed rents shall not be invalid merely on the ground that the landlord's fee was not paid at or about the date of the transfer. The Bill will not abolish the landlord's fee, but allows a subsequent payment of it in the case of past transfers.

"The second object of the Bill is to indicate clearly the period of limitation for the institution of suits before Settlement Officers under section 108 of the Bengal Tenancy Act in connection with settlement proceedings. That section was badly drafted, with the result that it has been construed in a manner which was probably not contemplated by the Legislature. It is proposed to make it clear that the section limits the period within which a suit may be instituted before Settlement Officers to two months after publication of the record of rights."

The Motion was put and agreed to.

The Hon'ble MR. MACPHERSON applied to the President to suspend the Rules of Business for the purpose of introducing the Bill.

The Hon'ble the PRESIDENT having declared the Rules suspended—

The Hon'ble MR. MACPHERSON introduced the Bill and moved that it be read in Council.

The Motion was put and agreed to, and the Bill was read accordingly.

The Council was then adjourned to Monday, the 25th August, 1902.

QUESTIONS AND ANSWERS.

OVERHEAD ELECTRIC WIRES IN CALCUTTA.

The Hon'ble Maharaja MANINDRA CHANDRA NANDY, of Cossimbazar, in the absence of the Hon'ble ASIF KADR SAIYID WASIF ALI MIRZA, of Murshidabad, asked :—

Has the attention of Government been drawn to the danger consequent upon the breaking of overhead electric wires in Calcutta and to the many accidents reported in the newspapers to have occurred therefrom? If so, will the Government be pleased to state what action, if any, it has taken or proposes to take to prevent or even to minimize the occurrence of such accidents in the future.

The Hon'ble Mr. HORN replied :—

"The attention of Government has been called to the breakages of overhead wires which have occurred during the past hot weather. Altogether seven wires were broken on four different occasions. Of these, six were during storms, and the breakages were caused by branches of trees falling on the wires. One man was killed in Dhurumtollah and one horse at Ballygunge, and two men were injured in Bentinck Street. The Chairman of the Corporation and the Electric Supply Corporation are removing, in concert, branches of trees which threaten the wires. A successful experiment has been made with a device for automatically rendering the wires harmless in the event of a break, and the Chairman of the Corporation has been asked to arrange with the Electric Supply Corporation that this device shall be applied in all important thoroughfares."

PRIMARY SCHOOLS.

The Hon'ble Maharaja MANINDRA CHANDRA NANDY, of Cossimbazar, in the absence of the Hon'ble ASIF KADR SAIYID WASIF ALI MIRZA, of Murshidabad, asked :—

Will the Government be pleased to order an inquiry with a view to discover the exact causes which have led to the decrease in the number of primary schools in Bengal by 2,000 during the last year, and to the corresponding decrease of 40,000 in the number of pupils.

The Hon'ble Mr. MACPHERSON replied :—

"This matter was noticed in the Lieutenant-Governor's Resolution, dated 9th December, 1901, on the Report on Public Instruction for the year ending 31st March, 1901, and an inquiry was ordered. The result of the inquiries is to show that there was in the districts of the Burdwan and Dacca Divisions a real falling off in the number of primary schools and pupils in 1900-1901, due in Burdwan to calamities of season, and in Dacca to an absorption of pupils in secondary schools. There has also been some want of method in the compilation of returns of unaided schools, and the Director has issued necessary instructions to the District Boards who are responsible for collection of these returns."

THE BENGAL DRAINAGE (AMENDMENT) BILL, 1902.

The Hon'ble Mr. MACPHERSON presented the revised Report of the Select Committee on the Bill to amend the Bengal Drainage Act, 1880. He said :—

"I also move that the Report, which has been in the hands of Hon'ble Members for some days, be taken into consideration, and that the clauses of the Bill be considered in the form recommended by the Select Committee. I shall add only a few words to the Report of the Committee.

"The principal changes in the Bill made since it was introduced in Council are—*first*, the changes which give relief to landlords and tenants by reason of the decision of cost mentioned by me at the last Council Meeting, whereby the rate of interest on drainage charges is reduced; *secondly*, the suspensory

clauses 51D to 51J should be mentioned. I may say, I think, on behalf of the Committee, that while we are unanimous and confident in the opinion that the main principle of this Bill already accepted by this Council is right, and that it is equitable in this case of certain and fixed dues paid by landlords that they should have the help of the certificate procedure in recovering those same certain and fixed dues from the tenants who reap the whole benefit of the drainage works, it is yet with no light heart that we have shaped and re-shaped the clauses of the Bill which are to carry this policy into effect. The details which require consideration in the actual working arrangements for apportionment, adjustment, recovery, suspension, and refund are numerous and complex; and we may have overlooked difficulties which should have been cleared away. It is for this reason that we have proposed in clause 19 of the Bill to take power for the Lieutenant-Governor to make rules as to refunds and other matters.

"The Committee in five formal meetings gave some sixteen hours of deliberation to the details of the Bill; and this was in addition to much separate study of the subject-matter. We are indebted to the Secretary to the Council for much assistance rendered by him.

"I invite special attention to the suspensory clauses of the Bill, because such provisions of law are altogether new to Bengal, though well known in the Upper Provinces of India, where loss of crops, through calamity of season, is more common. It will not, I think, be out of place for me to mention shortly the genesis of those clauses in the present Bill. The Drainage Act of 1880 provides that every person holding improved or reclaimed land in the drainage areas shall be liable to pay drainage dues. Some representations were made to the effect that it is not equitable that tenants not having an occupancy status should be compelled to pay drainage dues. Those representations, when examined, resolved themselves into an argument that it is hard to make a non-occupancy tenant pay a drainage due in a year in which perhaps, in spite of the drainage works, an unusual flood may have come and ruined or seriously damaged his crop, while next year his landlord may eject him. You, Sir, then suggested that the best remedy for such cases was to provide for suspension of demand when there is calamity of season—suspension both in favour of the landlords and in favour of the tenants; and clauses 51D to 51J were drafted to give effect to this suggestion. I desire to state that, personally, I fully accept the policy of suspension as equitable and adequate to meet the requirements. I move that the Report and the clauses of the Bill as recommended by the Select Committee be now considered."

The Motion was put and agreed to.

The Hon'ble Mr. MACPHERSON also moved that the Bill, as amended, be passed.

The Hon'ble BABU JOY GOBIND LAW said:—"It will be apparent to Hon'ble Members that the amendments recommended in the Report are all calculated to afford sensible relief to all persons connected with land—the landlord as well as the tenant. In the first place, the certificate procedure will be open to both for the recovery of drainage charges imposed on them, and they will thus be placed in a better position than before for meeting and recovering those charges. In the second place, the interest charge will be reduced from 5 to 4 per cent., and there will be no compound interest to pay. Moreover, there is every possibility that the Government will see its way to make a material reduction in the charge for establishment for carrying out drainage works. It has been a complaint with those who had to bear the charge that it was not based on actuals, but that its incidence was regulated by some ancient formula or office rules. I am unable to say how far this is correct; but there is no doubt that the charge forms a very important item in the aggregate cost of a drainage scheme. It is therefore a matter of congratulation that it is the intention of the Government to revise it.

"The Bill goes further. Hon'ble Members will observe that, in Part II of the Bill, it is proposed to extend these benefits to works already carried out, namely, the Howrah and Rajapur schemes, and to revise the cost of these works,

so as to place them on a level with future schemes. All this will afford substantial relief to all parties concerned, and will no doubt be welcomed by them with gratitude.

"In the matter of establishment charges, I will venture to make a suggestion for the consideration of Government. Since the carrying out of the Rajapur works it has become evident that they are susceptible of improvement, and it appears to me that, instead of refunding the savings, it would be a far better plan to apply them to effecting the necessary improvements."

The Hon'ble BABU CHATURBHOOJ SAHAY said:—"With Your Honour's permission I beg to say a few words before the Bill is passed. On reading the first Report of the Select Committee on the Drainage Act Amendment Bill, I considered it desirable to propose some amendments. The most important of these, I am glad to find, have been kindly accepted by the Select Committee and embodied in clauses 9 and 12, sections 44A (2), (3), 51B (1) and (2), and 51C (1) and (3), of the amended Bill. The noticeable features of the amendments as adopted by the Select Committee are 1) the continuance of the right of the landholder, removed from the list under section 36A, to recover previous payments made by him; 2) the recognition of the liability of transferences after the apportionment of costs for the drainage dues, and (3) the enjoyment by the person against whom certificate may be issued of the rights of judgment-debtors under the Public Demands Recovery Act.

"The other suggestions made by me and accepted by the Select Committee are not of sufficient importance to justify me in detaining the Council with any detailed notice. I am greatly obliged to the Hon'ble Mover of the Bill and the other Hon'ble Members of the Select Committee for a careful and favourable consideration of my amendments.

"The Bill, which will soon pass to the stage of law, will be welcome to both the landlords and the tenants. It protects the interests of both. It gives new rights to the former, the benefit of the certificate procedure of the Public Demands Recovery Act; while to the latter it brings a very substantial relief of the charge of compound interest being taken off and the burden of simple interest appreciably reduced. The reduction in the rate of interest, which so heavily pressed upon the poor tenants, is sure to be recognised as an inestimable boon, and the Province will be grateful to Your Honour's Government for obtaining it, and to the Government of India for conferring the same."

The Hon'ble MR. MACPHERSON said:—"I have nothing to add to the debate, but to acknowledge, as I should have acknowledged before, the assistance given to the Select Committee by the Hon'ble Babu Chaturbhooj Sahay and by Babu Mahananda Gupta, Deputy Collector."

The Hon'ble the PRESIDENT said:—"I have listened with satisfaction to the remarks which have been made upon this Bill by my hon'ble friends, Babu Joy Gobind Law and Babu Chaturbhooj Sahay. I think with them that the Bill is a just and necessary Bill, and the Act upon which it depends was passed with the most benevolent intentions by Sir Ashley Eden, but it has been accepted and carried out as a practical scheme in only three instances in Bengal. After the floods of 1900, I visited Amta, which had been very seriously damaged by these floods, and it was my suggestion to the residents of Amta that they should have the Drainage Act applied to this area as it was to the adjoining areas of Howrah and Rajapur. The suggestion was opposed, and the basis of the opposition was that the landlords had their drainage dues under the Act irresistibly realized from them by Government contributions, while the Act gave them no power of recovering contribution that were due from the tenants.

"The Act recognises two forms of improvement by drainage. One is the betterment of lands which are already cultivated, and the other is the reclamation of lands which were never cultivated at all before. In the principal scheme under the Act of 1880, that of Rajapur, no less than seven-eighths of the area were benefited, as compared with reclaimed land, and therefore the whole effect of the Act was really to be ascertained in the

portion of the area affected by the drainage, which was already under cultivation and on which rent was already paid. The tenants of that area had to pay their share due upon the holdings, according to the assessment of the Drainage Commissioners, to the landowner, either by a fixed instalment extending over a number of years, or by a deliberate addition to the amount of their rent. The vast majority of tenants elected the system of paying the amount due upon their holdings by a fixed number of instalments. It therefore was of the greatest moment to the landowners that the fixed instalment should be realized from the tenants in the same way as the fixed instalments were realized from the landlord by the Government. If this was not done, the landowners had a legitimate grievance. That legitimate grievance has now been removed, and the opportunity has been taken by Government to make some substantial concessions in all future schemes; the interest charges are reduced by the Supreme Government, and the Local Government on its part is ready to exempt all such undertakings from any charges for Public Works establishment, except those that are due to an actual increased establishment. These concessions will cover, as my hon'ble friend has said, not merely all future undertakings of the kind, but they will have retrospective effect on all undertakings upon which recoveries are now being made.

"The result has been the necessity of a large number of verbal changes in the old Act, but I trust and believe the general effect of the measure, which we are now about to pass into law, will be to give a system which is fairer and more acceptable to all parties concerned."

The Motion was then put and agreed to.

THE BENGAL TENANCY (VALIDATION AND AMENDMENT)
BILL, 1902.

The Hon'ble MR. MACPHERSON moved that the Bengal Tenancy (Validation and Amendment) Bill, 1902, be referred to a Select Committee, consisting of the Hon'ble Mr. Bourdillon, the Hon'ble Mr. B. L. Gupta, the Hon'ble Mr. T. K. Ghose, the Hon'ble Mr. A. M. Bose, the Hon'ble Asif Kadr Saiyid Wasif Ali Mirza, of Murshidabad, the Hon'ble Babu Joy Gobind Law, the Hon'ble Maulvi Seraj-ul-Islam, Khan Bahadur, and the Mover, with instructions to report at the first meeting of the next Session of the Council.

The Motion was put and agreed to.
